Old Business		
Norma	Tour results update – see the Treasurer for details.	
Jill	The Hendricks street house was removed from the tax sale, the owner paid the taxes.	
	We paid \$500.00 to purchase 1134 Nelson from the owner. There is about \$2000.00 in back taxes and we expect about \$1000.00 to obtain a quiet title. There are three parties interested in purchasing this property.	
Jill	501C-3 update	Jill will begin pursuing this again now that the tour is finished.
Jill	Our CHDO status was approved by the City of Fort Wayne	
Jill	Historic District Expansion notes.	We are going to break the expansion area into smaller blocks and pursue one at a time.
New Business		
Norma	Nominating committee. The committee does not yet have a full slate.	They will have a full slate by the November meeting.
Larrry Codding Mike Walsh	Form a committee to study the code enforcement as it relates to preservation and make recommendations to the mayor and city council.	
from the floor	New people have moved into the neighborhood and need information.	We should have someone form a welcome wagon to contact our new residents when they move into the neighborhood. We can give them WCNA information and general information. We can also publish their name and address in the WCNA News so their neighbors can visit them and make them welcome. See about appointing a committee to handle this.
Adjourn	A motion to adjourn at 8:28 and a second.	
	Much informal discussion followed the business meeting.
