

PLANT TREES...MAKE WCN & FORT WAYNE COOL

2017 WCNA Street Tree Planting Application

Deadline for submission is June 25, 2017.

The West Central Neighborhood Association (WCNA) is working with our residents and the City of Fort Wayne to plant trees in the park strips between the public curb and the sidewalk. The WCNA will pay the applicant's share of the cost charged by the City's Street Tree Planting Program. Please provide the following information to the WCNA, and the WCNA will apply for one or more trees on your behalf and save you the \$50.00 fee per tree.

Property owner name: _____

Property owner address: _____
street name city state zip code

Phone number: _____
daytime (8 am to 5 pm) evenings

Email Address _____

Tell us the address of the property(s) where you would like the tree(s) planted if different from the address above. **We can only take applications for properties in the West Central Neighborhood.**

Tell us where in the park strip (between the street and the property line) you think the tree(s) should be planted. Attach a plan or map if you think that will help us understand your request (**see Tree Placement section below before selecting area to be sure area can accommodate planting.**). . If you prefer to have the City Arborist select the placement, then check the "Arborist Choice" field below.

Arborist Choice Location in the park strip: _____

If you have a preference for what species you think would grow best, look best, and coordinate best with the other trees on your street, please state a preference below. The WCNA Street Tree Program Guidelines list of some of the trees we can plant, and the document can be found under PROGRAMS at www.westcentralneighborhood.org. The City Arborist (260-427-6480) will consider your request, but the City Arborist will make the final decision on what species will be planted. The City reserves the right to deviate from your request if the City Arborist finds it to be inappropriate based on survivability or appearance. If you prefer to have the City Arborist select the species, then check the "Arborist Choice" field below.
